INSTRUCTION MANUAL
for DIGITAL THERMOMETER
REF: CT-513W (WITH BUZZER & WATERRESISTANT)

PLEASE READ THIS MANUAL IN ANY CASE BEFORE USING.

PARTS NAMES

- Probe
- Display
- Push Button (ON/OFF Switch)
- Main Body (Using antibacterial material)
- Battery Cover
- Fever Sensor

PRECAUTIONS

1. Do not use this thermometer for measurements other than body temperature. The thermometer will be damaged if it is used to measure the temperature of bath, refrigerators etc.
2. Do not drop the thermometer and do not expose the thermometer to heavy shock. As the thermometer is not shock-protected construction.
3. Do not bend the thermometer.
4. Do not bite the probe.
5. Do not disassemble the unit, do not make any modifications and do not touch the circuitry.
6. Do not spill chemical solvents on the unit.
7. Do not store the unit in direct sunlight, not at high temperature and not at a high degree of humidity or dust.
8. Do not boil the probe.
9. Do not use the thermometer if it operates irregularly or shows signs of malfunction.
10. Do not use thinner or benzine.
11. When using the thermometer after storage at low temperature, place it in a warm place for 5 to 10 minutes before use.
12. Keep the thermometer out of reach of children.
13. Wipe the thermometer clean before storing.
14. When discarding the thermometer or battery, please observe any local waste disposal regulations currently in force in your area.

Warning: No modification of this device is allowed.

SPECIFICATIONS

- Measurement method: Maximum thermometer
- Measurement range: 32°C~42°C
- Accuracy: ±0.1°C between 35.5°C and 42°C at an ambient temperature of 18°C to 28°C
- Display: 3 digits with decimal point,
  M (Memory mark), °C (°C indicator)
- Rated voltage: DC 1.5 V (Direct current)
- Battery: LR41 or equivalent (1.5 V)
- Battery life: Approx. 3 years (If used 3 times a day, for 10 min. each time)
- Weight: Approx. 10g (Include battery)
- Operating environment: Temperature 10 to 40°C, Relative humidity 30 to 85%
- Storage/transport environment: Temperature –20°C to 60°C, Relative humidity 10 to 95%
- Electrical shock protection: Internal power unit
- Degree of Protection: Type BF applied part
- * Applied part for this device is a probe.

Intended Use

1. This device can measure the human body temperature.
2. This device is intended to be used for checking personal health condition at home.

HOW TO OPERATE

1. Turn unit on by depressing the push button. The unit will beep.
2. You will see the following display, serving the function check.
   - 18.88
   and then the last measured value will be on the display: 36.5
   in case there is no last measured value stored, the display will appear as:
3. After the last measured value normally appears:
   - i.e. temperature below 32°C.
   - If the temperature is above 42°C, appears:

BATTERY REPLACEMENT

If the display segments appear to be blinking, the battery has to be replaced. Before such replacement the unit should not be used any more, since a probe function is not ensured.

1) Push the hook placed in the click hole (which is located back side of the thermometer) with a minus screw driver and slide the battery cover off.
2) Remove the exhausted battery and insert a new battery the same way. Make sure that the plus side shows when the battery is in place.
3) Replace the battery cover as the same direction before the replacement of battery.

Information for Collection and Disposal of used Batteries.

If you want to dispose this product, do not mix with general household waste. Please contact your local municipality for more information.

Information on Disposal in other Countries outside the European Union.

If you wish to discard used batteries, please contact your local authorities or dealer and ask for the correct method of disposal.

CLEANING

Clean the housing of the thermometer with ethyl alcohol or a neutral detergent, using a cloth. (Don’t use thinner or benzine.)

CALIBRATION CHECK

We recommend a calibration check for instruments used professionally, e.g. at clinics according to any national statutory regulations, if any.
