

Receipt Printer

New

CT-D101

Silver Ion infused outer case, Self-protective housing, top paper exit model with one motion lever

One motion lever

The lever can be used to open and close the top cover using only one hand.

Anti-curl function

Paper curl is lessened at the time of printing the receipt.

Chemical resistance

CT-D101 printer's outer case can be wiped with disinfectants for additional cleaning benefit in key applications.

Silver Ion infused plastics

The outer cases is infused with a Silver Ion additive. This will suppress bacterial growth and protect the product against bacteria build-up.
